

April 2026

NEWSLETTER

As spring arrives and people begin watering lawns and planting gardens, outdoor water use starts to increase. This April, we're focusing on water conservation and helping create simple habits that help keep your gardens healthy while saving water.

Water Fact of the Month:

Less than 1% of the world's water is suitable for drinking.

Water Conservation Tips

- Water early in the morning
- Fix leaking or broken sprinklers
- Only water lawns about 1 inch of water per week
- Add mulch to garden beds to keep moisture in

Important Dates

April 5th: Easter

April 16th: Readings and Payments are due. As well as Automatic Bank Drafts are Initiated.

April 21st: April Board meeting at 6:30PM

WHEN A SMALL DRIP BECOMES A BIG PROBLEM

SMALL LEAK

An added 200 gallons per day could mean roughly **\$87.91 more** on your bill.

MEDIUM LEAK

An added 2000 gallons per day could mean roughly **\$568 more** on your bill.

LARGE LEAK

An added 4000 gallons per day could mean roughly **\$1,099.20 more** on your bill.
